

Young Researchers Day

Journée des Jeunes Chercheurs

“Storytelling”

23-24 January 2020 – Station Biologique de Roscoff

	Time	Type	Presenter	Topic	
Conference room	8:50-9:00	Welcome & Introduction	JJC team	Opening of the 11 th Young Researcher's Day	
	9:00-9:45	Keynote	Prof. Doyle McKey 	Stories that landscapes tell	
	9:45-10:00	Coffee break			
	10:00-10:15	10 min talk	Dr. Elham Karimi	Expanding our understanding of algal holobiont: keystone bacterial species of <i>Ectocarpus</i> single out through metabolic complementarity	
	10:15-10:30	10 min talk	Dr. Jasna Nikolic	Novel approach for controlled production of fucose-containing sulfated oligosaccharides	
	10:30-10:45	10 min talk	Emma Lavaut	Introduction to the subject thesis: How to maximize the meeting of gametes in the absence of flagellum? The case of red algae of the Gracilariales order	
	10:45-11:00	10 min talk	Mariarita Caracciolo	SOMLIT-Astan time-series: a morphogenetic approach to study the seasonal succession of the eukaryotic marine plankton communities	
	11:00-11:15	Coffee break			
	11:15-11:30	10 min talk	Maéva Brunet	Metabolic strategies of specialist bacteria during the degradation of fresh macroalgae	
	11:30-11:45	10 min talk	Jean-Philippe Gac	Decadal study: what are the factors influencing the carbonate cycle in the Western European shelves?	
	11:45-12:00	10 min talk	Louise Fouqueau	The effect of migration on the benefits of asexual reproduction	
	12:00-12:15	10 min talk	Dr. Miguel Mendez Sandin	Diversity and evolution of Radiolaria	
	12:15-13:50	Lunch break (on your own) and Poster set-up @ Gulf Stream			
	13:50-14:35	Keynote	Prof. Ferdinando Boero 	UNIVERSITÀ DEGLI STUDI DI NAPOLI FEDERICO II	Communicating nature: from <i>ohhh</i> to <i>ahhh!</i>
	14:35-14:50	10min talk	Marjorie Couton		Metabarcoding from preservative ethanol as an efficient tool for both inter and intraspecific diversity analyses
	14:50-15:05	10min talk	Cátia Monteiro		Temperature modulates sex-biased gene expression in the gametophytes of the kelp <i>Saccharina latissima</i>
15:05-15:10	3 min talk	Mariana Câmara dos Reis		The microbiome of <i>Emiliania huxleyi</i> cultures: from associated bacterial diversity to processes of selection	
15:10-15:15	3 min talk	Joost Mansour		Study of endosymbiotic Radiolaria	
15:15-15:30	Coffee break				
Gulf Stream	15:30-18.30	Workshop	Ludovic Lecordier 	Storytelling (Group 1)	
	17:30-19:30	Posters & apéro			
	19:30	Dinner at @ Gulf Stream (on inscription)			
	Friday 09:00-12.00	Workshop	Ludovic Lecordier 	Storytelling (Group 2)	
	Friday 14:00-17:00	Workshop	Ludovic Lecordier 	Storytelling (Group 3)
